

## Dear Scientists!

Poznan University of Technology and Commission of Machine Building of the Polish Academy of Sciences are pleased to invite you to submit papers to our Journal, **Archives of Mechanical Technology and Materials**. We believe that your research topics, will be suitable for publication in our journal and that we can build up a long-term publishing cooperation.

## About the Journal

**Archives of Mechanical Technology and Materials** is published by the **De Gruyter**, a leading publisher of Open Access academic content. The scope of this **free and open access** Journal includes papers focused on the advances in **manufacturing processes, machines operation and materials science and technology**. Our work is concerning the publishing original and review papers as well as short communications. We offer fast publishing backed by reliable reviews (open access to 5 weeks after the adoption by reviewer). The Journal will promote an exchange of ideas and significant developments which contribute to progress in manufacturing techniques, materials, models, processes, and systems.

## Submit your paper

**Archives of Mechanical Technology and Materials** is accepting papers and welcomes contributions on a variety of topics including:

- novel approaches in researching and modeling of manufacturing processes,
- development, manufacture and research of materials,
- new concepts in measurement and control,
- new kinds of manufacturing based on new processes or materials,
- process design, automation, robotics and assembly,
- studies on hybrid technological processes.

The above list is not exhaustive and papers on other topics associated with manufacturing processes, machines operation and technology of materials are welcome.
